ADDENDUM No. 1

REQUEST FOR QUOTATION No.: 1220-040-2025-040

TITLE: SUPPLY OF ENERGY RECOVERY UNITS FOR
SEWER HEAT RECOVERY FACILITY

ADDENDUM ISSUE DATE: MAY 9, 2025

DATE: PREFER TO RECEIVE SUBMISSION ON OR
BEFORE MAY 29, 2025

INFORMATION FOR CONTRACTORS

Contractors are advised that Addendum No. 1 to 1220-040-2025-040 is hereby issued by the City. This addendum shall form part of the contract documents and is to be read, interpreted and coordinated with all other parts. The following information is provided to answer questions raised by Contractors for the above-named project, to the extent referenced and shall become a part thereof. No consideration will be allowed for extras due to the Contractors or any sub-contractor not being familiar with this addendum. This Addendum No. 1 contains two (2) pages.

REVISED DATE:

Delete Section 3 in its entirety and substitute with Section 3 below:

“3. DATE

The City would prefer to receive Quotations on or before May 29, 2025 (the “**Date**”).”

QUESTIONS AND ANSWERS:

- Q1.** Could we have an equivalent/substitution/alternative approved?
We are able to offer a different, competing technology that will not meet the specifications as written (e.g., our technology does not require a macerator/grinder or backflush to provide consistent thermal energy recovery), but will be equally, if not more, effective in terms of

performance and value for money. Also, based on the system performance requirements (e.g. capacity, fluid temperatures) may not require the same number of units as requested in the RFQ.

A1. This is approved.

Please complete Schedule B - Form of Quotation by clearly identifying all requested technical departures, changes and additions to specifications, and payment term departures. The bid is required to include all modifications to the lift station and facility to accommodate the technology including alternate P&ID, SLD, and lift station and facility layout drawings and sections

All Addenda will become part of the Contract Documents.

- END OF ADDENDUM -
